RACHIT O DHAKA

📞 +91 9176647509 @ rachitdhaka.official@gmail.com 🔗 **Portfolio** 🔗 **Coding Profile** 📍 Chennai, India

EDUCATION

B.Tech – Computer Science & Engineering – Spl. Cloud Computing

SRM Institute of Science and Technology

📅 08/2022 - Present

GPA
8.6 / 10

PROJECTS

Eth Link - Decentralized Job Searching Platform

🔗 https://eth-link-vcpn.vercel.app/

Eth Link project utilizing blockchain technology for job searches. **React Js , Solidity , Tailwind CSS**

- Transformed the job search experience by leveraging Web3 technology for job and company verification, ensuring greater transparency and security for users.
- Integrated blockchain for 100% verification of users and companies, ensuring authenticity and reducing the risk of fraudulent job listings.
- Boosted user confidence and trust in the recruitment process, making job searching safer and more reliable.

Paste - Note Saving Application

🔗 https://paste-saving.vercel.app/

Tech : **React Js & Tailwind Css**

- Developed a **Paste Application** using **React.js** that allows users to securely save and manage notes, code snippets, and important information online.
- Implemented features like **title-based organization**, **real-time saving**, and **responsive UI**, enhancing user productivity and accessibility.
- Utilized **localStorage** for persistent data storage, allowing users to retain content across sessions without needing an account.

OrbitUs - Decentralized Drop Service Platform

🔗 https://orbitus.vercel.app/

OrbitUs is a Web3 application enabling secure and private user discovery using decentralized Base name identifiers - **React Js , Nextjs , Tailwind Css**

- Developed OrbitUs, a drop service marketplace that connects freelancers with clients, bridging the gap between service providers and consumers.
- Implemented a dual-login system that improved user accessibility by 40%, allowing users to easily switch between freelancer and client profiles.
- Streamlined service delivery processes, ensuring secure transactions, and simplified project management for both freelancers and clients.

SKILLS

Programming Languages

C/C++, JavaScript, TypeScript, Python, SQL, Data Structure & Algorithms

Frame Work

React.js, Tailwind CSS, Node.js, Express.js, Next.js

ROLES OF RESPONSIBILITY

Head of Operations

GeeksForGeeks Student Chapter SRM RMP

📅 09/2024 - Present 📍 Chennai, India

🔗 https://gfgsrmrmp.vercel.app/

Established a student chapter dedicated to competitive programming and coding preparation

- Founded the official GeeksforGeeks Student Chapter at SRM Ramapuram, organizing various events, workshops, and coding sessions
- Led initiatives in teaching Data Structures & Algorithms (DSA), competitive programming, and placement preparation, providing students with the necessary skills to excel in coding competitions and technical interviews.

Co - Founder & Host

Vartalaap Podcast

📅 01/2024 - 02/2024 📍 Chennai, India

🔗 https://www.youtube.com/@Vartalaap-Podcast

A college-level podcast providing insights into career growth in Tech

- Established India's 1st college-level podcast focused on providing career guidance for freshers and high school graduates interested in pursuing a career in tech, discussing career choices, skill-building, and industry trends
- Invited final-year and pre-final-year tech professionals and graduates as guests to share their insights, experiences, and advice with students, helping them make informed decisions about their career paths.

KEY ACHIEVEMENTS

💡 **ETH MUMBAI HACKATHON 2024**

Won 2nd Prize at ETH Mumbai Hackathon 2024 for the **Eth Link** project, demonstrating the effectiveness of blockchain technology in enhancing job search and company verification processes.

💎 **DSA**

Have solved 200+ questions across various platforms, actively practicing Competitive Programming on CodeChef and consistently improving DSA skills on LeetCode and GeeksforGeeks. ***Coding Profile***
